Each year, Southface Institute convenes forward-thinking innovators who are committed to building an equitable and sustainable future, uniting them for an evening of thought leadership, exquisite food and fine wine pairings.

Due to the challenges of 2020 and much of 2021, this year's Visionary Dinner serves as our collective homecoming.

FAMILY ROOTS

Healthy Housing, Healthy Communities

Through 2020 and much of 2021, we were pulled apart. Uprooted from our lives, our communities and, in many cases, our families. We were all affected in profound ways though some suffered more than others. Some lost jobs, homes, or even family members.

When we think about family, we often think about home. A safe place, a place to be together, and a place to grow.

Southface is committed to building a sustainable, equitable and healthy built environment for all. This year we honor Jonathan Rose as our Argon Award winner and look forward to learning more about his work in green affordable housing and community development.
